

How do I compare Medigap plans?

The chart below shows basic information about the different benefits that Medicare Supplement Insurance (**Medigap**) plans cover for 2023. If a percentage appears, the Medigap plan covers that percentage of the benefit, and you're responsible for the rest.

*Plans F and G also offer a high-deductible plan in some states. With this option, you must pay for Medicare-covered costs (coinsurance, copayments, and deductibles) up to the deductible amount of \$2,700 in 2023 before your policy pays anything. (You can't buy Plans C and F if you were new to Medicare on or after January 1, 2020. Go to page 75 for more information.)

**For Plans K and L, after you meet your out-of-pocket yearly limit and your yearly Part B deductible (\$226 in 2023), the Medigap plan pays 100% of covered services for the rest of the calendar year.

***Plan N pays 100% of the Part B coinsurance. You must pay a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that don't result in an inpatient admission.
